

BOTTER

Venezia 1928

Botter means wines since 1928. A wide range of products, many of which are made with grapes from native vines in order to underline our multi-territorial approach that spans the whole of Italy, from the North to the South. From the wines of Veneto to those of Sicily and Apulia, our selection traces out a map of Italian oenological culture and taste that reveals a shared passion.

Reflecting springs rays of sunshine while the flavour

Balanced with delicate fruity notes, a low acidity and a moderate alcohol content

Excellent with vegetable or seafood starters, various kind of soups, risotto and first courses with vegetables, or light fish based dishes. Ideal as aperitif.

VINIFICATION: Grapes are accurately selected both for area of origin and quality. The soft pressed must is stored in steel tanks for the static cold decanting. The fermentation with selected yeasts, is made at a controlled constant temperature of 18°C and is completed in 8/10 days. The team of oenologists select the best wines obtained to continue the sparkling winemaking process.

Afterwards the wine is filtered in steel tanks with the addition of saccharose and selected yeasts for the second fermentation (Martinotti - Charmat method) at a controlled temperature of 14/15 °C. Once the wine has reached the required pressure levels, alcohol and sugar content, it is refrigerated, cold stabilized (-2/-3°C), filtered and controlled before bottling.
