BOTTER
Prosecco DOC Rosé Millesimato Extra Dry

ORIGIN
An extraordinary combination of geographical and climatic factors that enhances its quality. The well-drained soils and the slopes of the vineyards limit the risks associated with heavy rainfall, while the sun exposure, with the right balance, allows the grapes to ripen harmoniously, resulting in a wine with a distinctive character.

GRAPE VARIETY
Glera, Pinot Nero

IDENTITY
An elegant companion for every occasion, embodying the freshness of a special moment. Delicate and lively, it can be enjoyed as an aperitif, with its fine perlage adding refinement even to the most classic recipes.

WINEMAKING
The blend of Glera and Pinot Noir (with a minimum of 10% and up to a maximum of 15%) is expertly vinified by our team of winemakers to create the base with its characteristic pink color for the future sparkling wine. The subsequent sparkling process in autoclave, according to the Charmat method, at a controlled temperature of 14/15°C, and the extended resting period on selected yeasts for approximately 60 days, gives rise to a young, lively sparkling wine rich in aromas. Once the wine reaches the required levels of pressure, alcohol, and sugar, it is refrigerated and cold-stabilized (-2/-3°C), filtered, and checked before bottling.

TASTING
Light rosé color. Elegant and intense bouquet, with floral notes of rose and fruity notes like peach. Dry, smooth, and well-balanced on the palate; round and full-bodied structure.

PAIRINGS
Ideal as an aperitif, it elegantly accompanies fish soups and dishes based on mushrooms. Serving temperature 8/10°C.
